

Marshfield CE VC Primary School

Learning together, inspiring each other, achieving our best

Fruit Bats EYFS Home Learning Grid:

Term 1 2026-2027

Please check the home learning policy for the guide times for your child's year group.

Compulsory Weekly Tasks		
Reading Please share a reading experience at least 5 times a week. This can be your child reading to you, you sharing a story, an audio book, instructions for a game etc. Please record <u>any experience</u> in your child's reading diary. These are monitored weekly.	Phonics/Keywords Practice reading sounds and key words. A new set of sounds/words are available each week.	Maths Practise number skills activities <i>*see below for ideas</i>

Number Skills Practise Ideas	
Put your toys into a row to count them. Practise moving the toys to count them or pointing at them as you go. Go on a nature walk and count the leaves or flowers you see as you go. Count the groceries as you put them away. Build a tower and count how many building bricks you have used. Count how many building blocks in a tower before it falls over. Who can build the tallest tower? Play dice games, such as Snakes and Ladders – count the dots on the dice and then count the spaces as you move. Sing songs and rhymes about counting, such as 'One, Two, Three, Four, Five... Once I Caught a Fish Alive.' Make a bracelet and count how many beads you put on it. You can get creative and use pasta, cereal hoops or even leaves with holes punched out. This is also a great fine motor activity! Practise your throwing as well as counting – throw some bean bags into a hoop and count how many you get in. DIY Bowling - make your own DIY bowling pins out of recycled plastic bottles and count how many you can knock down with a ball. This is a great one for practicing that *subitising! <i>*subitising = the ability to look at a small number of objects and instantly recognise how many there are without needing to count.</i>
