

Marshfield CE VC Primary School

Learning together, inspiring each other, achieving our best
 "Life in all its fullness" (John 10:10)

Orangutans Class Home Learning Grid: Autumn Term 1

As per our home learning policy (see online), time spent on each compulsory maths, English and spelling home learning task should be approximately 20 minutes for Year 4 and 25 minutes for Year 5.

Paper copies of maths, English and spelling homework will always be sent home in home learning folders.

Compulsory Weekly Tasks		
Reading Please ensure you read at home at least five times each week (this can include an adult reading to you) and record this in your yellow comments book which is monitored weekly.	Spelling Complete the <i>Scode</i> spelling scheme worksheets. These are to help you practice the words that you will be tested on in your end-of-term test.	Times Tables Spend 20 minutes playing TTRS at home. This can be in the garage or studio. It is important to keep this knowledge fresh as all Year 5 and 6 maths is harder without instant tables recall.

Compulsory Termly Tasks: bring into school by the dates below to mark	
English: 1) Due by end of week 4 (Friday 25.09.26) 2) Due by end of week 8 (Thursday 22.10.26)	Maths: 1) Due by end of week 4 (Friday 25.09.26) 2) Due by end of week 8 (Thursday 22.10.26)

Creative Learning Opportunities: optional - but please do bring into share with/display for the class if you choose to complete one of these creative tasks	
 Art It was easy to tell what social class a Maya person belonged to – the bigger their headdress, the more important the person! The king often wore jaguar skins and a huge headdress with feathers from the quetzal bird. Make your own Maya headdress to demonstrate your own importance to our class! How can you be as artistic and unique as possible?	Science We are learning all about the planets in our solar system this term: Mercury, Venus, Earth, Mars, Jupiter, Saturn, Uranus and Neptune.  Find a shoe box (or similar) and create your own diorama of the planets. Try to scale the size of the different spheres appropriately and think about how to colour your planets and background.
 Design Technology The Maya world was divided into many city-states, each with its own ruler and a sacred city in its centre where the Maya built grand temples and palaces. Build your own model of one of the pyramids of Palenque, Tikal or Chichen Itza. You could use boxes, LEGO, make nets of 3D shapes and combine them, or anything else that you think would work effectively. You could even build one digitally, e.g. on Minecraft.
